RE: Hubline East to West Project, Docket No. CP08-420-000, -001 FERC/EIS -0227F (CEQ # 20090334)

Dear Ms. Bose:

We have reviewed the Final Environmental Impact Statement (FEIS) for the proposed Hubline East to West Project in Connecticut and New Jersey. The project includes the installation of 2.56 miles of 12-inch diameter pipeline and additional minor aboveground facilities (valves and pig launchers) in New London County, Connecticut and piping modifications to an existing compressor station in Morris County, New Jersey. Based on our review we have no objections to the project as proposed.

Sincerely,

A handwritten signature in blue ink, which appears to read "Elizabeth A. Higgins", is positioned above the typed name.

Elizabeth A. Higgins, Director
Office of Environmental Review
